Find Glove sizing information on page 1687; Cut and Abrasion Resistance information on page 1696.

Needlestick-Resistant Mechanic's Gloves

Provide protection against needles, abrasion, lacerations, and cut hazards for at-risk workers including law enforcement, hospitality, sanitation, and recycling staff.

Clutch Gear—Hi-Viz stretchable nylon back with Sure Grip palm patches. K2456 palms are lined with Punkban combined with Kevlar fiber for superior puncture resistance. K2457 is fully lined with the same material - palm and back.

Hercules NSR 3041—Made of layered SuperFabric material. Palm has silicone gripping surface.

PointGuard Ultra 4041—Layered SuperFabric material on enhanced areas. Knuckle padding on back of hand for impact protection and patterned silicone palm grip.

ThornArmor 3092—3 layers of SuperFabric in the durable TP-X palm. Breathable HexVent panel on back of hand for comfort.

Cut-Resistant Leather Palm Mechanic's Gloves

- Synthetic leather palm

Chrome—Breathable, water-resistant, durable SuperFabric material provides high level of cut and puncture protection. D2068 has SuperFabric knuckle patch for added protection. G2434 and J2637 feature back-of-hand impact protection system that dissipates forceful blows over a large area. G2434 has Mud Grip palm with PVC dots; J2637 has oil-resistant TP-X palm. K2371 has oil and abrasion-resistant palm to enhance grip while providing dexterity. Touchscreen compatible thumb and index fingertip. J4487 has TP-X palm for durability and firm grip in wet and dry applications. G2430 has PVC palm to enhance grip in dry and light oil applications while providing dexterity. SuperFabric knuckle patch for extra protection.

Chrome SLT—HPPE blend liner provides 360° cut resistance. High dexterity, form-fitting gloves are made from hi-visibility materials. J7657 and J7658 feature back-of-hand impact protection. J7657 has abrasion-resistant PVC dots on palm; J7658 has TP-X palm.

GGT5 4021X—SuperFabric material and Impact Exoskeleton design with high-performance IR-X smash guards to provide full back-of-hand impact protection. Proprietary Mud Grip with PVC dots.

Rig Lizard—High-flex Impact Exoskeleton design protects against impact to back of hand. Curved, high-dexterity shape and high-visibility colors. SuperFabric material provides superior cut resistance. K3356 has TP-X+ palm and elastic cuff for a secure fit. K3355 has silicone pattern on palm to provide superior grip. SlipFit cuff with hook-and-loop closure.
