

Find Glove sizing information on page 1687; Cut and Abrasion Resistance information on page 1696.

Cut-Resistant Arm Guards and Sleeves

- Sold individually
- Arm Guard and Sleeve**—Durable SuperFabric guard plate provides high levels of puncture and cut protection. Material is lightweight and won't snag, fray, or tear. Adjustable hook-and-loop closure provides a snug fit that stays in place.
- PentaArmor 1010**—SuperFabric material sleeve provides high level of cut and puncture protection.

High-visibility color for safety on the jobsite. Elastic thumb loop and sleeve clip hold sleeve in place.
Helix 2042—Lightweight 13-ga. seamless knit sleeve is made from a blend of HPPE, nylon, steel, and fiberglass. Knit upper arm and wrist cuffs for a snug fit.
AG9X Arm Guard—SuperFabric material with industrial puncture protection over forearm. Extended cuff with neoprene thumbhole.

Description	ANSI/ISEA Cut Level	L	Color	CHOOSE: Size	Item No.
