### PVC-Coated Seamless Knit Gloves

- Stretchable knit wrist

PVC-based HPT foam coating repels liquid and provides a firm, reliable grip in wet or dry conditions.

**Ninja** work gloves feature a foam sponge coated palm and fingertips.

**UltraTech** gloves have excellent touch and dexterity with coated palm and fingers. Breathable nylon shell is treated with Actifresh to help minimize odors.

### PVC-Coated Gloves

Nylon gloves have foamed PVC coated palms that resist glue, caulking materials, and other adhesives and offer a strong grip in wet or oily conditions. Fine-gauge nylon provides dexterity and touch sensitivity, yet is hard-wearing and durable.
