**Heat-Resistant Knit Gloves**

Loop-in style gloves reduce snags and increase longevity. Loop-out style protects against abrasion and provides nonslip grip.

**COTTON TERRY CLOTH GLOVES**

Reversible, seamless gloves provide 4 wear surfaces. Insulate against elevated temperatures.

**KEVLAR/COTTON BLEND TERRY CLOTH GLOVES**

Reversible and seamless with knit wrist.

**KEVLAR COTTON LINER TERRY CLOTH GLOVES**

Cotton interior absorbs moisture. Ambidextrous and seamless.

**NOMEX/KEVLAR GLOVE**

Ambidextrous glove has cotton lining.

**C-TREAD GLOVES**

Ambidextrous gloves have a C nitrile coating to improve grip. Inner knit layer bonded to waffle design. Cushioned outer cotton/poly layer resists heat. 1AHE9 features a vaporproof membrane. 2ENE3 is uncoated.

**KEVLAR C-TREAD COATED GLOVES**

Ambidextrous gloves have a C nitrile coating to improve grip. Inner knit layer bonded to waffle design. Kevlar/cotton blend outer layer protects against cuts and slashes.

**COATED HEAVYWEIGHT COTTON BLEND GLOVES**

Glove-within-glove design. Nitrile C coating for added thermal protection, grip, and abrasion resistance. Ambidextrous with seamless knit construction.

**HEAVYWEIGHT TERRY CLOTH GLOVES**

Lined, reversible gloves have extra heavyweight material for extended wear and heat protection.

**FLAME-RETARDANT TERRY CLOTH GLOVES**

Ambidextrous, lined gloves have extra heavyweight material.

**MCR SAFETY MEDIUMWEIGHT**

Seamless reversible gloves resist heat and abrasion for general purpose applications.

**MCR SAFETY HEAVYWEIGHT**

Durable fabric protects hands from heat and cut hazards.
