MILLER

Horizontal and Vertical Lifeline Systems

- Meet OSHA, ANSI, and CSA standards

HORIZONTAL SYSTEMS

TechLine

- Accommodate 2 users

Designed for applications where an overhead anchorage is not present. Include waterproof bucket for safe and dry storage.

SkyGrip Kits with Anchors

Connections at each end attach to vertical anchorage points.

VERTICAL SYSTEMS

Vi-Go Ladder Climbing System

- Accommodates 4 users

Permanently installed flexible cable system with automatic pass-through provides fall protection for fixed ladder applications. Does not require a cable guide. Easy 1-handed attachment/detachment. Accommodates 3/8" cable. Fall arrestors sold separately.

GlideLoc

Rigid rail systems are permanent with minimal maintenance required. Fall arrestors sold separately.
