QuickPick Rescue Kits

- Meet OSHA and ANSI standards
- 5:1 lifting ratio
- Weight cap.: 400 lb.

Preassembled rescue solutions in an easy-to-store kit require only an overhead anchorage to employ. Backup Braking System acts as a fool-proof secondary fall protection device in case the rescuer accidentally releases the rope. Comply with ANSI Z359.4 Safety Requirements for Assisted Rescue and Self Rescue Systems, Subsystems and Components.
