

Confined-Space Rescue Equipment

FALLTECH
 Fall Protection. Precision Engineering.

49Z793

- Meets ANSI Z359.4 standard (except 35KU76)

Complete Confined-Space Rescue Systems—

Prepacked systems with tripod are easy to transport and quickly deployed. Each device includes a storage bag. 310 lb. workload cap.

Tripod—Features 2 head-mount pulleys, nonskid foot pads, and 2-stage collapsible leg adjustment for secure, quick setup. With storage bag. 310 lb. workload cap.

Hoist—Personnel-rated. 310 lb. workload cap.

Rescue Self-Retracting Device (SRD)—3-way recovery device offers dual-mode SRL-R operation as a recovery winch and self-retracting lifeline. It includes a swivel carabiner and storage bag. 310 lb. workload cap.

Retrieval Yoke—Attaches securely to shoulder D-rings on confined-space retrieval harnesses. Spanner bar keeps yoke legs separated for unencumbered egress. Adjustable to wearer shoulder width.

- Meets ANSI Z359.1-2007

MILLER

Confined-Space Rescue Equipment

- Meets OSHA, ANSI, and CSA standards

Tripod—Rubber skid pads on feet and safety chain between legs enhance stability. 310-lb. workload capacity.

ManHandler Personnel-Rated Hoist/Winch—Rescue speed of 20 fpm. Built-in mounting bracket.

Includes	Mfr. Model	Item No.
Tripod		
Adjustable; 52" to 89"	51/7FT	5T536
ManHandler Personnel-Rated Hoist/Winch		
Galvanized Steel Cable Lifeline, 3/16" dia. x 65 ft.	8442-Z7/65FT	2JFC8

Confined-Space Rescue Equipment

Complete Confined-Space Rescue Systems—

Lightweight, portable systems are easily set up and transported from one location to another.

Tripods—Feature rubber skid pads on base and adjustable locking legs with safety chain. 350-lb. workload cap.

Winches—Use with independent fall-protection devices to raise and lower workers. 350-lb. weight cap.

Self-Retracting Lifelines (SRLs)—Feature retrieval winch for emergency rescue. Include safety hook with impact indicator. 900-lb. max. arresting force and 420-lb. weight cap.

Boatswain Chairs—Feature heavy-duty polyester webbing and plywood seat.

Rescue Wristlets—Keep victims upright during rescue operations.

DuraHoist Confined-Space Equipment

- Meets OSHA, ANSI, and CSA standards

5MN22

Description/Includes	Item No.
Complete Confined-Space Rescue Systems	
7-ft. Tripod 5MGG6 and Winch 5MNY6	5MN22
9-ft. Tripod 5MGG7 and Winch 5MNY9	5MN23
Tripods	
7-ft. Tripod, Adjustable, 60" to 84"	5MGG6
9-ft. Tripod, Adjustable, 84" to 108"	5MGG7
Winches	
Galvanized Steel Cable, 1/4" dia. x 60-ft.	5MNY6
Galvanized Steel Cable, 3/16" dia. x 90-ft.	5MNY7
Galvanized Steel Cable, 3/16" dia. x 120-ft.	5MNY8
Stainless Steel Cable, 1/4" dia. x 60-ft.	5MNY9
Self-Retracting Lifelines (SRL)	
Galvanized Steel Cable, 3/16" dia. x 50 ft.	5MGH0
Boatswain Chairs	
Plywood Seat	3NGH9
Rescue Wristlets	
With Center D-Ring, 12"	3NPW2
With Center O-Ring, 18"	3NPW3
DuraHoist Portable Confined Space System Components	
Portable Fall Arrest Anchor Post	5RPT3
1-pc. Adjustable Mast	1XEP6
2-pc. Adjustable Upper Mast	5RPT7
Adjustable Offset Upper Mast	2KTD1
Lower Mast Extension	2KTD4
