## Arc Flash & Flame-Resistant Clothing Kits - Category 4

- Meet NFPA 70E standards
- Available in sizes from S to 4XL at Grainger.com

Kits include a selection of garments and headwear that protect workers from burn injuries in areas with sparks, open flame, and other potential fire hazards.

**K2568, K2571, K2572, and K2569** contain improved premium garments designed for enhanced breathability and moisture management. **K2572** has a lift-front hood with a flashlight kit.

See Grainger.com for detailed descriptions of each kit's contents and garment features.

## Arc Flash & Flame-Resistant Coveralls

- Meet NFPA 70E standards
- Available in sizes from S to 4XL at Grainger.com

Protect workers from arc flash burns that can occur when working near electrical hazards. Coveralls are a single garment worn over personal clothing or base-layer flame-resistant clothing to provide continuous coverage over the worker's front, back, arms, and legs.

**H0471** features high-visibility stripes at wrists, ankles and across the back.
