Accuro Pump Kit 3WZF2

## Gas Detection Tubes and Tube Pumps

Tubes have a wide diameter and well-spaced graduations that are easy to read and help provide decisive measurement results.

**Pump Kits** include pump, tube opener, spare parts kit, and Allen wrench. 3YWY6 also includes a pkg. of 10 rubber caps.

## Bump Gas

Designed for bump testing gas detection equipment. Ideal for field applications where access to gas is not available for gas detector verification. Aluminum cylinders. 33V740 is nonaerosol and nonflammable with a trigger nozzle. 36T521 and 36T522 feature a sprayer connection.

## ecosmart Recyclable Calibration Gas Cylinders

Calibration gas helps keep gas detectors working; ecosmart cylinders hold more gas than traditional disposable cylinders. Recyclable cylinders are designed to help eliminate waste in the environment. Contact GASCO for a free return shipping label.
