Honeywell **WATERJEL** **FIRST AID ONLY**

Burn Care

Sterile dressings are medical-grade, nonwoven polyesters soaked in a water-based, water-soluble gel to help prevent burn progression. Use **Sterile Burn Wrap** to cover burn injuries or extinguish flames and smoldering clothes. Creams and gels help relieve pain and protect wounds from contamination.

Description	Brand	Item No.	Pkg. Qty.

CoreTex **SunX** **IvyX** **BugX**

Outdoor Skin Protection

Sunscreen—Nongreasy, water-resistant formulas provide both UVA and UVB protection.

IvyX—Provide an invisible barrier for precontact protection against poison ivy, oak, and sumac. Cleansers help remove plant oils from skin after contact with poisonous plants.

BugX—Contain 30% DEET to effectively repel fleas, flies, mosquitoes, and ticks.
