Work Shirts and Polos

Industrial Work Shirts—Shirts feature 2 front pockets with button closure and a 2-pc. collar with permanent stays and a snap closure. 65% polyester/35% cotton poplin fabric is fade-resistant and industrial-wash friendly.

Original Fit Work Shirts—A generous fit across the shoulder helps with freedom of movement. 2 mitered front pockets with flap and button closure. 65% polyester/35% cotton twill fabric has stain release and moisture-wicking properties.

Performance Shop Polo Shirts—Stylish polos are made from 6-oz. performance knit, 100% polyester fabric that resists wrinkles, is moisture wicking, and can stand up to industrial laundry machines. Shirts also feature easy-care, stain release properties and resist snags.

Performance Shop Shirts—Button-down shirts feature a wrinkle-resistant, moisture-wicking flex fabric that stretches for easy movement during long days in the shop. Fabric also features easy care, stain release and color retention properties for increased durability. Also easily washes and dries quickly in industrial laundry machines. Include adjustable cuffs and a front pencil pocket.
