Oil-Only Sorbent Rolls

■ Polypropylene material

Perforated or nonperforated sorbent rolls absorb oil-based liquid spills but repel water. Clean up incidental spills including transformer oil, vehicle fluids, grease, petroleum, and other oil-based solvents. White color contrasts with spill colors and saturation level to draw attention to leaks. 30PV87 has 25% recycled content. Coverstock layer increases durability and reduces linting. Pig 4-in-1 30PZ80 and 30PZ79 are perforated with scored underside for shaping into a pad, roll, sock, or wiper.

5UZ59			30PZ79			30RA27 has a leak-resistant, polypropylene backing.
