Lab Packs, Overpack and Salvage Drums

Open head, unlined HDPE (high-density polyethylene) drums provide secure secondary containment of leaking liquids and hazardous materials. Suitable for indoor or outdoor use. Full drums can easily be moved with forklift.

LAB PACKS/OVERPACK DRUMS

Lab packs are lightweight and nestable.

14 and 20 Gal. Lab Packs—Store 5 gal. pails or smaller containers. Twenty gallon containers have handles.

30 Gal. Lab Packs—Stackable. 3TZW5 is suitable for use with hazardous materials in packing groups I, II, and III.

Overpack Drums—Feature screw-top lids and include handles for forklift use.

SALVAGE DRUMS

Drums are nestable for easy storage. Removable poly head and metal band. 4RF63 features handles. Drums meet 3 psi pressure test.

LOCKING OVERPACK/SALVAGE DRUM

Features an easy twist-down closing with secure 4-pt. system that "locks" stacked salvage drums.

WHEELED OVERPACK/SALVAGE DRUMS

Have built-in handles and 6" polyolefin wheels to enhance mobility and versatility. Meet EPA regulations.
