Complete Confined-Space Rescue Systems		
Tripod 49Z789 with Tripod Leg Bracket 49Z790, Winch 49Z787, and Storage Bags	Falltech	49Z791
Tripod 49Z789 with Leg Bracket 49Z790, 3-Way Retrieval Rescue SRD 49Z788, and Storage Bags	Falltech	49Z792
Tripod 49Z789 with (2) Leg Brackets 49Z790, Winch 49Z787, 3-Way Retrieval Rescue SRD 49Z788, and Storage Bags	Falltech	49Z793

Confined-Space Rescue Equipment

- Meets ANSI Z359.4 standard (except 35KU76)

Complete Confined-Space Rescue Systems—Prepacked systems with tripod are easy to transport and quickly deployed. Each device includes a storage bag. 310 lb. workload cap.

Tripod—Features 2 head-mount pulleys, nonskid foot pads, and 2-stage collapsible leg adjustment for secure, quick setup. With storage bag. 310 lb. workload cap.

Hoist—Personnel-rated. 310 lb. workload cap.

Rescue Self-Retracting Device (SRD)—3-way recovery device offers dual-mode SRL-R operation as a recovery winch and self-retracting lifeline. It includes a swivel carabiner and storage bag. 310 lb. workload cap.

Retrieval Yoke—Attaches securely to shoulder D-rings on confined-space retrieval harnesses. Spanner bar keeps yoke legs separated for unencumbered egress. Adjustable to wearer shoulder width.

- Meets ANSI Z359.1-2007

Confined-Space Rescue Equipment

- Meets OSHA, ANSI, and CSA standards

Complete Confined-Space Rescue System—A MightEvac® self-retracting lifeline with rescue retrieval (SRL-R), tripod, carabiner, and pulley are provided along with heavy-duty equipment bags.

Tripod—Rubber skid pads on feet and safety chain between legs enhance stability. 310-lb. workload capacity.

Includes	Mr. Model	Item No.
Complete Confined-Space Rescue System		
7-ft. Tripod, Mounting Bracket, and MightEvac® SRL with 3/16" 50-ft. Galvanized Cable Lifeline	MR50GC-Z7/50FT	1XEU2
Tripod		
Adjustable; 52" to 89"	51/7FT	5T536
ManHandler® Personnel-Rated Hoist/Winch		
Galvanized Steel Cable Lifeline, 3/16" dia. x 65 ft.	8442-Z7/65FT	2JFC8
MightEvac® SRL with Emergency Retrieval Hoist		
Cable Lifeline and Mounting Bracket, 3/16" dia., x 130-ft.	MR130GB-Z7/130FT	36WA24

ManHandler® Personnel-Rated Hoist/Winch—Rescue speed of 20 fpm. Built-in mounting bracket.

MightEvac® SRL with Emergency Retrieval Hoist—The MightEvac® combines a MightyLite® self-retracting lifeline with a retrieval hoist for emergency evacuation. No annual factory certification required. Average rescue speed of 25 fpm. 310-lb. weight capacity.

Confined-Space Rescue Equipment

Complete Confined-Space Rescue Systems—Lightweight, portable systems are easily set up and transported from one location to another.

Tripods—Feature rubber skid pads on base and adjustable locking legs with safety chain. 350-lb. workload cap.

Winches—Use with independent fall-protection devices to raise and lower workers. 350-lb. weight cap.

Self-Retracting Lifelines (SRLs)—Feature retrieval winch for emergency rescue. Include safety hook with impact indicator. 900-lb. max. arresting force and 420-lb. weight cap.

Boatswain Chairs—Feature heavy-duty polyester webbing and plywood seat.

Rescue Wristlets—Keep victims upright during rescue operations.

DuraHoist™ Confined-Space Equipment—Meets OSHA, ANSI, and CSA standards
