

Adhesive Pipe Marking Arrows & Banding Tape

Arrows and tape wrap around pipes to increase visibility and mark the directional flow of the contents within the pipe. They are used in conjunction with pipe markers. Brady and Harris Industries products are vinyl and for indoor and outdoor use. Incom tape is polyethylene and for indoor use only.

Snap-On, Strap-On and Wrap-Around Pipe Markers

■ Each includes 1 pipe marker

Markers offer 360° visibility with repeating legends. They may be applied to dirty, oily, greasy, or rough surfaces in outdoor and indoor environments. Markers are also designed to be lightweight and durable and can be removed and reapplied in other areas. Meet ANSI A13.1 standards. Nonadhesive, coiled **Snap-on markers** "snap" around the pipe for quick installation. **Strap-on markers** are nonadhesive flat sheets that attach with nylon straps. **Wrap-around markers** have an adhesive edge to secure the marker to the pipe.
