

Public Safety Vests

Highly visible vests are designed for emergency responders. Color-specific markings differentiate between various emergency responders.

24Y975 has polyester mesh upper and solid polyester body. E4207 offers 1" W high-intensity Reflexite stripes for added visibility. H6445 is heavy-duty, double-stitched nylon with high-glow ANSI reflective stripes. Vest includes one set of hook-and-loop placards imprinted with different positions, easily changed as the incident expands.

Emergency Roadside Kits

All kits have a hard case; except 1EKU2 comes in a bag.

Triangle Warning Kits include warning triangles for motorist safety. Placed behind a disabled vehicle, the triangles can be seen by passing traffic in dark or poor visibility conditions.

Roadside Kits with Triangle Markers

contain items for improving visibility and optimizing safety during an emergency stop on the road. In addition to warning triangles for placement behind a disabled vehicle, the kits offer light sticks and a fire extinguisher.

Roadside Emergency Kit keeps drivers safe during on-road breakdowns or accidents. Pre-assembled.

Emergency Rescue Tool includes a seatbelt cutter knife, window breaking hammer, and an LED flashlight with hand crank USB charger. Magnetic red hazard light flashes through windows at night.
