

## Inflatable Personal Flotation Devices (PFDs)

- Fit chest size: 30 in to 52 in

Hydrostatic inflator on these devices automatically inflates vest when submerged in 4" or more of water. They withstand use in the most severe marine environments. Feature status indicator window, strobe light holder, safety whistle, and SOLAS reflective tape.

**HIT Hydrostatic Commercial Vest**—HIT (Hydrostatic Inflator Technology) offers reliable inflation. Features a low profile for maximum mobility, 420-denier coated nylon shell, comfortable neoprene collar, back-up oral inflation tube, and D-ring for kill-switch attachment. Offer Type II performance for commercial use. Meets ANSI 107-2004 Class 2 Standard when worn over an ANSI garment.

- USCG Approved Type II/Type V

**HIT Hydrostatic Work Vest**—Offers enhanced mobility and reduced heat stress even in constant wear situations. Approved for use on inspected and uninspected vessels of any size. Features durable polyurethane-coated nylon shell for improved puncture and abrasion resistance. HIT (Hydrostatic Inflator Technology) offers reliable inflation—includes inflator cover to protect inflator cap, back-up oral inflation tube, and manual activation cord.

- USCG Approved Type V

**Compact Tactical Vests**—Designed specifically for body armor and tactical vests that use a Modular Lightweight Load-carrying Equipment (MOLLE) webbing system.

**M.I.T. 100 Vests**—Adjustable waist belt offers customized fit and large arm cut outs mean full mobility. Manual inflation handle is easily accessible when needed. M.I.T (Membrane Inflatable Technology) means a light, flexible fit, and easy re-packing when it comes time to recharge.

- USCG Approved Type III/Type V

**Hydrostatic Manual Conversion Kit**—Conversion cap for 12L912 and 12L913 (sold separately, this page) lets the operator convert a compatible Mustang Survival PFD to manual-only inflation.

## Industrial Foam Personal Flotation Devices (PFDs)

**Universal Fit Vest**—3 belts adjust to fit adults 80 lb. and up. Large arm holes for mobility. SOLAS-grade tape on shoulders. Great for boat crews.

- USCG Approved Type III

**ACCEL 100 Fishing Vest**—Designed for fishing and speed, the ACCEL 100 Fishing Vest offers all-day-comfort. Three-buckle system keeps vest in place, with chest strap ensuring it doesn't pop up if you go in the water. Fleece lined collar and pockets keep your neck and hands warm all day long. Reinforced D-ring offers the perfect attachment point for the engine cut off switch on your boat.

**4-Pocket Vest**—Short-waisted vest has 4 D-rings for lanyard attachment. 50 mph dynamic strength-tested to stand up to tough conditions. Large arm holes for mobility.

- USCG Approved Type III

**Mesh Vest**—High waist reduces interference with tools. Features mesh shoulders for mobility and comfort, large front pockets with hook-and-loop closure, side adjustments for dual sizing, and SOLAS-grade reflective tape on front and back.

- USCG Approved Type III

**Offshore Vests**—The first to have earned 4 regulatory approvals in a single design, these vests ease the hassle and cost associated with complying to a variety of vessel regulations.

- USCG Approved Type I, MED, SOLAS, and TC Approved
