

## Cots and Tent

For protection against inclement weather, select items include a waterproof rain fly with access door and air vents.

**Folding Cots**—Compact cots are easily stored and transported. 3PAH3 and 29TM93 have a mildew-resistant, washable polyester cover. 19TU18 has scissor-action folding legs reinforced with hinges, supports, and 2 snap-on end braces; includes a carrying bag. 13V987 features a drop-down storage pocket on each side that double as handles. 36UV16 unfolds for quick 1-person setup; includes carrying bag. 4VNG5 has fully adjustable head- and foot-rests for comfort and patient restraint straps.

**Tent Cots and Gear Storage Bag**—Heavy-duty, powder-coat construction. Each includes a rain fly. 4VNG2 includes wheeled roller bag. Gear Storage Bag clips on the framework of Tent Cots to provide additional storage.

**IPS Tent**—Use as traditional tent or place directly on cot. "No-See-Um" insect mesh. Carry bag for storage and transport.
