Door Control Hardware

- Nonhanded

Push/Pull Latches—For commercial and institutional settings. Variable mounting positions and no fusible links to fail. For all labeled metal or wood doors.

Overhead Holders and Stops—For high-traffic industrial applications. Mount out of the way, preventing stumbling hazards and decreasing vulnerability to accidents or vandalism.

Ligature-Resistant Cylindrical Lever Locksets, Grade 1

- Backset: 2¾"
- Strike: ASA
- Door thickness: 1¾"
- Satin Stainless finish

Cylindrical design makes it difficult to attach laces, cords, and lines to the lever set and helps

reduce accidents in high-risk areas. Outside clutching lever enables free rotation and protects lock against abuse. 6-pin cylinder with Schlage C keyway. Standard 161 crossbore prep.
