**ADA Warning Pads**

- TufTile pads comply with ADAAG/PROW/CA Title 24
- UltraTech pads comply with ADA 49 CFR 37.9

Raised, truncated-dome pads can be felt by the visually impaired with their feet and tapping cane.

TufTile pads are replaceable. Made of UV stabilized, high-impact polymer that is impact-, slip-, and wear-resistant and provides superior color stability and strength.

UltraTech pads are unbreakable, flexible urethane material that conforms to fit dips, slopes, and inclines in sidewalks and intersections.

**Wet Set Pads**—Pressed into freshly poured concrete. Each includes factory-installed anchors with tamper-resistant stainless steel fasteners.

**Surface-Mount Pads**—Install quickly and easily onto cured concrete.

TufTile pads feature low-profile design and beveled edges. Include anchors, tamper-resistant stainless steel fasteners, sealant, and a masonry bit.

UltraTech pads include adhesive and anchors.
