

**Public Safety Vests**

Highly visible vests are designed for EMS providers. Color-specific markings differentiate various emergency responders. 24Y975 has polyester mesh upper and solid polyester body. E4207 offers 1" W high-intensity Reflexite stripes for added visibility. H6445 is heavy-duty, double-stitched nylon with high-glow ANSI reflective stripes. Vest includes one set of hook-and-loop placards imprinted with different positions, easily changed as the incident expands.
