**Fire and EMS Bags**

Maltese cross instantly identifies firefighter bags and star of life identifies EMS bags.

**Arsenal Firefighter Turnout Bags**—Bags have a top-grab handle, front outside pocket, and 2 side pockets. 1000-denier nylon, double-coated polyurethane construction with webbing handle, pull strap, and removable shoulder strap. Offers a wide zippered opening to a large clamshell compartment. 3RTU9 has 2 heavy-duty rubberized wheels for easily transporting heavy gear.

**First Responder Bag**—Nylon bag has a main compartment with divider, side pockets for additional storage, webbed handles with padded hook-and-loop closure, and over-the-shoulder strap for easy carrying.

**Arsenal First Responder Bags**—600-denier nylon bags have lockable double-pull zippers to help keep narcotics and other controlled substances

secure. Large main zippered pocket opening provides quick access to gear. Durable shoulder straps with reflective striping. Customizable interior compartments on large bags keep contents organized for easy access.

**Arsenal First Responder Bags, Clamshell Opening**—600-denier polyester bags have an easily accessible outside front pocket. Bags open completely for easy access to the main hold and 6-division multitiered mesh interior pocket. 1 1/2" webbing side straps and shoulder strap.

**Arsenal First Responder Medic Backpacks**—Easy-to-carry packs have 3" padded shoulder straps with reflective striping, phone holder, heavy-duty carry handle, and reflective trim on main panel. Large zippered opening provides quick, easy access to the main hold; segmented to keep supplies organized. 600-denier polyester construction with PVC backing.
