FALCON.

Lever Locksets, Grade 1 and 2

- Square corner faceplate: 1⅞" x 2¼"

Include 1" housing dia., ½" throw, and 6-pin solid brass cylinder. Schlage Classic C keyway. Keyed different. 2 nickel silver keys per lock.

Grade 1, T Series levers are heavy-duty cylindrical locks designed for facilities that are subjected to high-traffic/high-abuse conditions. Thru-bolted through the door. Chassis is secured by interlocking antirotation plate. Free-wheeling levers.

Grade 2, W Series levers are for high-use commercial applications such as schools, offices, and high-end residential. Solid stops in the lock and heavy-duty construction of all operating parts are designed to prevent damage when subjected to excessive force. Feature small format interchangeable cores (SFICs) that are compatible with SFIC products from other manufacturers.
