\* Clutch style.

**Door Control Hardware**

- Nonhanded

**Push/Pull Latches**—For commercial and institutional settings. Variable mounting positions and no fusible links to fail. For all labeled metal or wood doors.

**Overhead Holders and Stops**—For high-traffic industrial applications. Mount out of the way, preventing stumbling hazards and decreasing vulnerability to accidents or vandalism.

**Ligature-Resistant Knob Locksets, Grade 1**

- Backset: 2¾"
- Strike: ASA
- Door thickness: 1¾"
- Stainless steel finish

Nonhanded lock design impedes ability to attach laces, cords, and clothing to the knob. Heavy-duty lock chassis is constructed from wrought steel. For use in healthcare, detention centers, and other high risk facilities such as behavioral institutions.
