

1-800-GRAINGER (472-4643)

Door Closers

- Max. door opening up to 180°
- Includes self drilling screws and hardware

Closers have cast iron cylinders, forged steel arms, all-weather fluids, and double heat-treated pinions that help provide long life cycle. Powder-coated finish. Self-tapping/self-reaming screws, and peel-and-stick templates help ensure accurate installation.

1261 Series Closers are nonhanded and can be mounted hinge side, top jamb, or parallel arm on either right or left swinging doors. Nonsized cylinder is adjustable for interior doors to 4 ft. 6" and exterior doors to 3 ft. 6". Does not include cover.

1461 Series Closers are nonhanded and can be mounted hinge side, top jamb, or parallel arm on either right or left swinging doors. Nonsized cylinder is adjustable for interior doors to 5 ft. and exterior doors to 4 ft.

4011 Series Closers are handed and mounted hinge side; specify left or right handed. Nonsized cylinder is adjustable for interior doors to 4 ft. 6" and exterior doors to 3 ft. 6". Tested for 10,000,000 cycles without failure.

4040XP Series Closers are nonhanded and can be mounted hinge side, top jamb, or parallel arm on either right or left swinging doors. Nonsized cylinder is adjustable for interior doors to 5 ft. and exterior doors to 4 ft. Tested for 10,000,000 cycles without failure.

4111 Series Closers are handed and mounted parallel arm; specify left or right handed. Nonsized cylinder is adjustable for interior doors to 4 ft. 6" and exterior doors to 3 ft. 6". Tested for 10,000,000 cycles without failure.
