High-Traffic Hinges

- Nonremovable pins
- Hardware included
- Square corners

FULL-SURFACE MOUNTING

Hinges have antifriction ball bearings for high-traffic doors and openings. Thicker leaves provide greater support for heavier doors. For use when traditional mortise-mount hinges are impractical.

HALF-SURFACE AND HALF-MORTISE MOUNTING

For use when door or frame damage makes a full-mortise hinge impractical. Nonhanded hinges have 180° range of motion and antifriction ball bearings for high-traffic doors and openings. Mount nonmortise leaf to frame. Thicker leaves support greater weight.

H	W	Leaf Thickness	Holes per Leaf	Finish	Item No.
Full-Surface Mounting					
4½"	4½"	0.134 in	3	Gray Prime Coat	4PA53
Half-Surface Mounting
