Pivot Sets and Pivot Hinges

Create less stress on the frame assembly, prevent door sagging, and allow the door to swing with less resistance. Fasteners on the door and frame are in shear rather than tension, and are less likely to pull out over time. Hardware included.

Light-Duty Mortise-Mount and Surface-Mount Hinges

■ Hardware included

For hollow-core and lightweight wooden doors. Nonremovable pins and inaccessible set screw provide increased security, while removable pins make frequent door removal less time consuming.

Note: Additional sizes and finishes available. Call 1-800-GRAINGER (472-4643) or search for "hinges" on Grainger.com.
