ITW Buildex
Self-Drilling Hex Washer Sheet Metal Screws

Package quantities are exact
1-pc., 1-side-installation fasteners have a drilling point tip that drills its own hole and forms its own internal mating threads.
Climaseal corrosion-resistant finish provides excellent resistance to most forms of abrasion and torque.
Electro Zinc corrosion-resistant finish is applied to 36K129.
Gray Spex corrosion-resistant finish on 36K145 is an organic waterborne coating, applied with a state-of-the-art process that eliminates Phillips recess fill problems.
