

Kitchen and Bathroom Sealants and Caulks

Note: See related caulk guns on page 2234.

DAP

100% Silicone Sealant

One-component, acetoxycure material is ideal for caulking and sealing. Provides a durable, watertight seal that won't crack or shrink. It offers long-lasting flexibility and is safe for incidental food contact. Cured sealant is mildew resistant.

Kitchen, Bath, and Plumbing High-Performance Sealant

Kwik Dry formula is paintable and water-resistant in 1/2 hr. Waterproof seal with Microban protects against mold and mildew up to 10 yr.

Kitchen and Bath Sealant with Microban

Antimicrobial protection fights mold, mildew, odors, and stains. Kwik Seal Plus formula provides a watertight seal with maximum adhesion and flexibility.

Premium Kitchen and Bath Sealant

Low-odor silicone formula is water-resistant in 1/2 hr. Forms a flexible, waterproof seal with excellent adhesion.

Kwik Seal

Acrylic formula is mold- and mildew-resistant. Dries tack-free in 15 min. Resists cracking, crumbling, and shrinking. Latex caulk and sealant form a mildew-resistant, watertight seal. Water cleanup.

Phenoseal Adhesive Caulk

Mildew-resistant and watertight seal. Water cleanup.

DOW CORNING

DOWSIL Silicone Base Clear Cartridge Sealant is for use on concrete, glass, masonry, metal, plastic, and wood. DOWSIL 786 RTV Sealant is designed to seal nonporous surfaces around showers, tubs, sinks, and plumbing fixtures where conditions of high humidity and temperature extremes exist.

GE

Waterproof sealants won't shrink or crack over time.

Silicone II Sealant

3LA50, 4UH01, 3LA48, and 3LA49 are low odor and mildew resistant. Sealant remains permanently flexible. 22N770 is a flexible, mold- and mildew-resistant formula that accommodates 25% movement in extension and compression with excellent recovery. Useful for horizontal and vertical overhead surfaces. 5PWD3 and 5PWD4 feature low VOC.

Silicone II Supreme Sealant

Sealant is permanently flexible, won't corrode metals, is water-ready in 1/2 hr., and resists mold up to 10 yr. Mildew- and UV-resistant.

Silicone I Sealant

Keeps water away from kitchen and bath applications. Flexible formula is mold and mildew resistant. Accommodates 25% movement in extension and compression with excellent recovery when joints shift. Applies to horizontal or vertical overhead surfaces. For use on laminate, porcelain, glass, metal, plastic, granite, wood, and most ceramic tile.

Supreme Paintable Sealant

Modified silicone formula is ready for paint in 1/2 hr. Not sticky or stringy. Stays mold- and mildew-free for up to 10 yr.

HOMAX

Extra-wide caulk strip is a preshaped, flexible, peel-and-stick strip that seals out moisture that can damage walls by eliminating the gap where dirt can accumulate.
