Passive Welding Helmets and Faceshields

WELDING HELMETS

Flip Up Front

Helmets have an impact-resistant straight top that extends well over the head for added protection. Adjustable ratchet suspension.

Confined Space Pro

Super Kool helmet coating resists weld spatter and keeps helmet cooler than uncoated helmets. Proprietary lens retention system allows easy filter, cover, and protective plate loading. Ratchet suspension.

Description	Color	Lens Shade	Viewing Area	Brand	Item No.
Welding Helmets					
Flip Up Front	Black	10	4.33 in x 3.54 in	Westward	44R224

Green, 7 inH x 19 inW				Sellstrom	1N786

Super Slim

Super Tuff nylon helmets are lighter than fiber-glass. Drop-down ratchet headgear. Super Kool helmet has coating that makes helmet cooler, and sheds spatter without burning.

Tigerhood

Seamless-shell thermoplastic helmet has an extended throat to help block fumes, smoke, and sparks; reducing the risk of burn. With lift-front lens and 3C headgear. Installed shade 10 filter lens. 10C434 and 10C432 have telescoping lid. 2XKX9 includes loop for attaching hard hat.

Pipeliner

Fiberglass with neoprene strap headband.

WH10 Series

Passive welding helmets offer a clear, unobstructed view of the weld puddle. Include polycarbonate filter. 2KUV9 has a flip front. ANSI Z87.1 and CSA Compliant.

WELDING HOOD

Leather hood with ratchet headgear is designed for tight or confined spaces. Cover and filter plates (included) are easy to load.

INFRA-GUARD FACESHIELDS

Protect user from infrared and ultraviolet rays during oxygen/acetylene welding and cutting operations. Ratchet headgear.

Powered Air Purifying Respirator (PAPR) Systems and Respirators

POWERED AIR PURIFYING RESPIRATORS (PAPR)

NIOSH Certified, except 49WM68 and 32NC32. APF of 25.

Miller—Feature a lightweight, low-profile blower design with integrated load-bearing shoulder straps to help reduce fatigue, and a 9.22 sq. in. auto-darkening lens. Dual airflow speeds allow for user adjustment in varied work conditions. Audible and vibrating alarms indicate low battery and/or constricted airflow.

3M—Feature side shields that provide improved peripheral vision, and an auto-darkening visor plate.

LPR-100 HALF MASK RESPIRATORS

Low-profile design fits comfortably under a welding helmet without obstructing the user's view. Large exhaust valve eases breathing. Filter media maximizes efficiency in humid conditions, extending filter life. NIOSH Certified, APF of 10.
