## Cutting, Welding, and Heating Outfits

Medium and heavy duty outfits feature in-tip gas mixing technology and include torch mount flashback arrestors. Tag-A-Long™, Toughcut™, Versa-Torch™, and The Works® outfits include: torch handle, cutting attachment, cutting and welding tip, oxygen and acetylene regulators, twin welding hose, goggles, and striker.

Note: For more Consumables visit Grainger.com®.

### CUTTING, WELDING, HEATING

**Heavy-Duty**—Combo outfits cut up to 8" and weld up to ½" with optional tips.

**Journeyman®**—Include cutting tip, heating and welding nozzles, ¼" x 20-ft. T-grade hose, goggles, striker, and tip cleaner. 54RZ72 and 54RZ75 have a CGA 300 connection, which uses a right-hand female thread on the regulator. 54RZ73 and 54RZ76 have a CGA 510 connection, which uses a left-hand male thread on the regulator.

**Master® Maintenance**—Lightweight, portable oxygen/acetylene outfits include a thruster air/acetylene tip and air/fuel adapter to convert welding handle for

soldering with acetylene only, and eliminate use of oxygen. All outfits include industrial-grade regulators with easy-to-adjust T-handles, WH550 rear valve welding handle, welding tip, carrying stand or rolling cart for MC or B and R or R40 tanks (tanks not included), 12½-ft. twin hose, flint lighter, and goggles.

**Medium-Duty**—Cut up to 6" and weld up to ¾" with optional tips.

**The Works®**—12-pc. kit for welding, brazing, cutting, and soldering tool box. All fuel gases are mixed in tip for maximum safety. Includes tip cleaner set with 12 sizes of cleaning wires and file and all-leather welding gloves. Packed in The Works Box with tray.

**Versa-Torch™**—Versatile system has nickel-plated torch handle, cutting attachment, heat tip and carrier, and reverse flow check valve. Cuts up to ¾" and 3" with optional tips. Welds up to ½" .

### CUTTING, WELDING

**Journeyman® 450**—Includes cutting tips and welding nozzle.

### Performer Edge™ Series

**2.0**—Heavy-duty outfits cut up to 6" and weld up to ¼" with accessories. They include 2 regulators, cutting attachment, welding handle, welding nozzle, heating nozzle, tip cleaners, striker, T-grade hose, and goggles.

**Tag-A-Long™**—Portable and lightweight outfits feature Series 30 regulators and reverse flow check valves. Cut up to ¾" and 6" with optional tips. Weld up to ½" and 1½" with optional tips. 6GJG1 also includes oxygen and fuel regulator, oxygen and acetylene cylinders, and lighter. Acetylene regulator not included.

### CUTTING, HEATING

**Heavy-Duty Series**—Torch and hand torch outfits cut up to 12" with optional tips.
