## Crimp Clamps

### 2-EAR HOSE CLAMPS

1-pc. design provides positive clamping action and tamperproof seal.

### STEPLESS EAR CLAMPS—STAINLESS STEEL

Guarantee a 360° seal using an innovative tongue-in-groove design that leaves no steps, gaps, or unbridged parts on the inner circumference. Spring action lets clamp "breathe" without loosening; no need to retighten.

### WELDING HOSE REPAIR KIT

For quick repairs to oxygen/acetylene welding lines. Includes standard jaw pincers; 40 of 3/16" 2-ear clamps; 10 of 1/2" 2-ear clamps; 6 each: 1/4" brass nipples, acetylene B left-hand brass nuts, and oxygen B right-hand brass nuts; 4 each: 9/16" twin clamps and 1/4" hose menders; and 2 each: 3/16" brass nipples and 3/16" brass hose menders.

### 2-EAR HOSE CLAMP KIT

Plastic case contains standard jaw pincers; 15 each: 3/16", 3/8", 1/2", 9/16", and 5/8" clamps; and 12 each: 3/4", 7/8", 15/16", and 1" clamps.

### STEPLESS EAR CLAMP KIT

Plastic case contains standard jaw pincers and 10 each of 1-ear clamp sizes: 1/2", 9/16", 5/8", 23/32", 7/8", 1", 1 1/8", and 1 1/4".

### JAW PINCERS

Used to close ear clamps. Made of forged steel.
