Bathroom Shelves, Towel Bars, Shower Baskets & Soap Dishes

Hold, store, and organize personal belongings, keeping items close at hand and up and away from the floor. **Ligature-Resistant** bathroom shelves have a spacious one-piece design with rounded edges with no attachment points that may be used to support weight. Easy to clean and install and typically used in prisons, behavioral- and mental-health institutions, or similar facilities where inmates or patients may be at risk of harming themselves.

Mounting Type	Overall Dim. - H x W x D	Material	Finish	Weight Cap.	Brand	Item No.

Prison and Ligature-Resistant Toilets and Sink Combination Units

For institutional showerheads, go to Grainger.com

Ligature-resistant sinks, toilets, and urinals withstand damage and prevent vandalism, abuse, or potential for self-harm or suicide in correctional and mental health facilities where anti-ligature or security products are needed. Sinks have push-button controls that provide hot and cold water at 0.5 gpm, and a penal bubbler. Metering valves can be set for 5- to 60-sec. operation and cannot be held open. These specialized toilets and urinals include enclosed flush valves, so they can't be used to tie off cords or fabric strips.
