## Two-Hole Wall-Mount Service Sink Faucets

Faucets are used for frequent, heavy use in maintenance areas for filling buckets and other maintenance tasks. Install new faucets or replace existing faucets. **Widespread Faucets** install into walls or vertical surfaces that have two centered holes that are 8" apart when measured from center-of-hole to center-of-hole. **Centerset Faucets** install into walls or vertical surfaces that have two centered holes that are 4" apart when measured from center-of-hole to center-of-hole. Chrome finish.
