**NIBCO Cast Copper and Bronze Fittings**

Temp. range: -20° to 400°F, except 1WLH5 to 1WJL1 are 0° to 400°F and 36N483 is 40° to 100°F

Feature higher pressure ratings than most wrot copper fittings. Approved Vendor models are compatible with wrot copper fittings. All models are for use in nondrinking water and air applications. Meet ANSI B16.18, except 36N483 to 36N559 meet ASME B16.26.
