D-Line

Half & Quarter Round Cable Concealers

- White
- Self-adhesive

Fast-fit decorative raceway conceals wires where time and appearance

matter. Designed with hinge and click-lock lid. Self-adhesive and paintable. Cable Tidy products help organize and hide cable clutter.

Cablofil Wire Mesh Cable Trays

- Lightweight steel

Allow air to flow through to keep cable ventilated and cool. Also known as basket trays, wire mesh trays may be cut or bent in configurations like curves, slopes, and tees to accommodate complex cable runs. Trays mount on walls, overhead, or under floors in whole-facility installations. Ideal for hiding cable in spaces without paneled ceilings.

Cable Ladder Trays

- 4" load depth
- 5/4" side rail height

Rigid aluminum trays have high load capacity and resist stress, camber, and warping. Flange-out side rails

ease cable installation. Splice plates are slightly curved, for a spring-fit on straight sections or contour-fit on fittings. Meet NEMA VE1. Include splice plates and mounting hardware.
