Refrigerant Cap Locks & Accessories

Cap Locks—Protect refrigerant cap valves from tampering by unauthorized individuals.

Cap Lock Accessories—Are suitable for use with most halogenated refrigerants. 20HK11 comes with 1 bit and the short handle allows use in tight spaces. Handle has a keyhole to help keep tool close at hand. 48ZJ66 has a hollow end for 3 additional bits (included) that allow you to unlock compatible refrigerant caps. 20HK10 is used to screw down compatible refrigerant caps to help deter tampering and theft.
