

## Refrigeration Fittings and Repair Supplies

**JB Industries**—Access valves feature brass bodies and stainless steel/brass cores, and are machined according to ARI specifications. Tees are fully adjustable with extra-depth slip-fit braze cups; install anywhere along the line.

## Liquid and Suction Line Filter Dryers

For use with all CFC, HCFC, and HFC refrigerants.

**Copper**—High moisture/acid capacity, solid core, and large flow capacity. 6X525 has grooved ends for easy breakoff to activate dryer. Compatible with mineral oils and polyolester oils (POEs).

Description	R-22 Size (in.)	R-22 Cap. (tons)	Mfr. Model	Item No.
