

Commercial-Grade Through-the-Wall Air Conditioners

- Programmable
- Auto restart
- Quiet operation
- Control panel lockout (ON-OFF)
- 24-hr. timer
- Anti-intrusion protection

These through-the-wall air conditioners are made for commercial-grade applications with components that withstand more demanding environments. They're commonly used for cooling offices, retail stores, multifamily buildings, barracks, and dorms. Units have remote capability and can be managed via Wi-Fi to allow centralized control of settings for one or more units. They're also compatible with Amazon Alexa and Google Home. New installations require a wall sleeve and fit in Friedrich and Fedders A and B 27" sleeves.

Residential-Grade Through-the-Wall Air Conditioners

- 24-hr. timer
- Auto restart
- Washable filter

Through-the-wall air conditioners that are made of residential-grade materials and have a decorative front grille that blends in with home interiors. They're typically used to cool rooms in houses and apartments. Units include a remote control.

Friedrich—Units can be managed with Wi-Fi and are compatible with Amazon Alexa and Google Home. Units have Seacoast Protection to guard against corrosion. Trim kit is included to give units a finished appearance. Chassis fits 24 1/2" to 27" sleeves.

- Quiet operation

Frigidaire—Chassis fits most existing wall sleeves. New installations require Wall Sleeve Kit 5PP42.

- Programmable

GE—Units are ADA compliant. Wall sleeve is included.

- Programmable

Perfect Aire—Feature a remote control with a built-in room temperature sensor that regulates room temperature around the remote, allowing the remote to become the thermostat.

- Programmable
