**RACO ALUMINUM**

Durable die-cast aluminum construction with premium powder-coated finish. Combination head screw and stamped aluminum cover (sold separately).

**APPLETON ELECTRIC ALUMINUM**

Provide greater cubic content for easier wire pulling, and additional room for splicing. Fit flush and snug against flat surfaces for stable installation.

**POWER FIRST® IRON**

Features chrome powdered finish with zinc-plating for corrosion resistance. Works with Raco gaskets.

**KILLARK® 5 ALUMINUM**

Tapered threaded hubs. Raintight when used with gasketed covers. Use with the same gasket as Duraloy 5.

**KILLARK® DURALOY®5 IRON**

Excellent for high-abuse areas. Suitable for concrete burial. Duraloy® tricoat finish provides superior corrosion protection.

**KILLARK DURALOY®7 GRAY IRON**

Spring-clip cover ensures easy installation. Duraloy® tricoated finish provides superior corrosion protection. Smooth, integral wire bushings to protect against damage while wire-pulling.

**KILLARK DURALOY®8 GRAY IRON**

Flat back design provides greater cubic capacity for easier wire pulling and more room for splicing and maintenance. Feature interchangeable competitive bodies, gaskets, and covers with smooth integral wire bushings.

**CALBRITE™ STAINLESS STEEL**

Designed to connect and change direction of conduit runs; can also be used as pulling fittings. Feature 316 stainless steel construction polished with standard "brite" finish to increase corrosion resistance and aesthetic appearance.
