DUCTMATE
Condensing Unit Braces

- Engineered wall-mount bracket for air conditioners, heat pumps, and other equipment
- No site preparation or leveling

No settling. Good for coastal and flood-prone areas or where hurricanes, snowfall, mud, or steep grades are a concern. Mounting fasteners not included.

Note: Because of the wide range of wall materials (brick, concrete, wood, etc.) the mounting is the responsibility of the installer.

Equipment Mounting Accessories

Mounting Brackets—12 ga. powder-coated steel with prepunched holes; 600-lb. load rating. For hanging A/C condensers and heat pumps outside at any height.

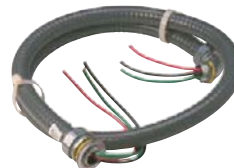

Mounting Block—Raises furnace 1 1/2" for quiet, dry operation. Each block handles over 500 lb. Peel-and-stick installation.

Risers—Stable, sturdy, plastic risers elevate condensers, heat pumps and air handlers. Butyl mastic on top and bottom prevents slipping and reduces vibration and noise.
