Tone Generators and Probes Test Tools

Description	Mfr. Model	Item No.
IDEAL		
Tone Generator and Probe Kit, Cable/Wire and Pair Tracing, Continuity Testing, Polarity Indication and Service Detection, For Use With Datacom and Generic Cables/Wiring, Single Conductor, Twisted Pair, Includes (2) 9V Batteries, 62-160 Tone Generator, 62-164 Amplifier Probe, Cable Assembly, Carrying Case/Pouch, Instructions, Lead Set	33-864	2UWP9
TTT Kit, Copper Cable Wire Mapping, Amplifier Probe, Tone Generation, Wiremap, Includes (5) Adapters, Carrying Case	33-866	54DV75
Speaker Probe, Cable/Wire and Pair Tracing and Tone Detection, Battery low indicator	62-164	2UWR1
Tone Generator, Cable/Wire and Pair Tracing, Continuity Testing, Polarity Indication and Service Detection, Emits Three Different Types of Tones, Auto Off	62-160	2UWR2
Fluke Networks		
Tone Generator and Probe Kit, Cable/Wire and Pair Tracing, Continuity Testing and Polarity Indication, ABN, Strong Signal 10.5 Miles, Smart Tone	26000900	5VYE0
Cable Tracing Probe, Copper Cable Tracing (Probe), Loud Speaker On Probe	26100900	54DV59
Cable Tracing Tone Generator, Copper Cable Tracing (Tone), SmartTone(TM) Technology	26200900	54DV60
Copper Tester, Copper Cable Wire Mapping, Includes 6V Alkaline Battery and Guide, MicroMapper and MicroMapper Remote, Patch Cable	MT-8200-49A	12N846
Tone Generator and Probe Kit, For Use With Coax, Datacom and Generic Cables/Wiring, Single Conductor, Twisted Pair, Includes (2) 9V Batteries and Instructions, (2) RJ11 and (2) RJ45 Patch Cables, Coax F-Connector Adapter, Lanyards, MT-8200-61-TNR Tone Generator, MT-8200-63A Probe	MT-8200-60-KIT	36TV42
Southwire		
Tone Generator and Probe Kit, Copper Cable Tracing (Tone & Probe Kit), LED Flashlight, LED Signal Strength Indicator, Positive Cable Detection, Probe Replaceable Tip, Quickly Trace Non-Energized Cables, Rearward Facing Speaker and Stereo Headphone Jack, Toner On-Board Test Lead Storage, Includes (2) 9V Batteries, Nylon Pouch	58746340	54DF51
Tone Generator, Copper Cable Tracing (Tone), ABN Clips, On-Board Test Lead Storage, Patented Design, Tone Change, Includes (2) AAA Batteries	58746440	54DF52
Amplifier Probe, Copper Cable Tracing (Probe), Adjustable Volume, Forward Facing Flashlight, Headphone Jack, Indicator Light, Includes (2) AAA Batteries	58746540	54DF53
Tone Generator and Probe Kit, Copper Cable Tracing (Tone & Probe Kit), Audible and Visual Detection, Belt-Mount, Rugged Carrying Case, Includes (4) AAA Batteries, Alligator Clip Adapter, Automotive Fuse Adapter, Carrying Case, Coax Adapter, F-Type Adapter, RJ11 Adapter, RJ45 Adapter	58746640	54DF63

Voice, Data, and Video Test Tools

Description	Mfr. Model	Item No.
Fluke Networks		
In-Line Modular Adapter, For Use With 6-Conductor, RJ45 and RJ11	10220100	5VYD8
Modular Adapter, For Use With 4-Conductor, RJ11	10113000	5VYD9
IDEAL		
Multimedia Cable Tester, Tests voice, data, and video cables and interfaces for opens, shorts, miswires, reversals, split pairs, and correct wiremap, Easy To Read LCD Display With PASS/FAIL Indicator After Each Test	33-856	2NV58
VDV II, Copper Cable Wire Mapping, Tone Generation, Wiremap, For Use With Coax, Twisted Pair	R158000	54DV70
VDV II Plus, Copper Cable Wire Mapping, Tone Generation, Wiremap, For Use With Coax, Twisted Pair	R158002	54DV71
VDV II Pro, Copper Cable Wire Mapping, Ethernet Detection, PoE Indication, TDR Distance, Tone Generation, Wiremap, For Use With Coax, Twisted Pair	R158003	54DV72
VDV II Remotes, For Use With VDV II Tester	158050	54DV62
VDV II Identifiers, For Use With VDV II Tester	158051	54DV63
VDV II Remotes, For Use With VDV II Tester	158053	54DV64
Southwire		
Phone Outlet Tester, Copper Cable Testing Verification, Identifies Correct Wiring, Line Reversed, AC Ring Voltage and Dead Line Conditions, Tests Both Line 1 and Line 2, Tri-Color LED's Display Outlet Condition, Color Legend Printed On Tester, For Use With Telephone Test Set	58745340	54DF45

Butt-In Test Set Tools

Description	Mfr. Model	Item No.
Fluke Networks		
Test Set, VDV, Backlit Keypad and Rain/Drop Safe, Data Lockout Protection/Override, DSL/POTS Filtering, Last Number Redial, Mute, One-Way Amplified Speaker, Polarity Indication, Speed Dial Memory, Two-Way Speakerphone	TS54-A-09-TDR	36T731
Test Set, Butt in Test Set, Line Monitor, Telephone Test Set, Polarity Indication and Last Number Redial	19800009	5VYE2
Test Set, Butt in Test Set, Line Monitor, Telephone Test Set, Last Number Redial and Mute, Polarity Indication	30800009	5VYE3
Test Set, Butt in Test Set, Call Waiting Caller ID, Caller ID, Data Safe, Digit Grabbing, Line Monitor, Telephone Test Set, Tone Generator, Data Lockout Protection/Override, DSL/POTS Filtering, Last Number Redial, Mute, One-Way Amplified Speaker and Speed Dial Memory, Polarity Indication	25501109	5VYE4
Test Set, Butt in Test Set, Caller ID, Data Safe, DC Meter, Digit Grabbing, Miliamp Detection, Telephone Test Set, Data Lockout Protection/Override, DSL/POTS Filtering, Last Number Redial, Mute, One-Way Amplified Speaker, Polarity Indication, Speed Dial Memory and Backlit Keypad, Two-Way Speakerphone	52801009	5VYE5
Test Set, Telephone Line Tester, Amplified Speaker, Drop Safe, One-Way Speakerphone	22800009	54DV58
Southwire		
Telephone Test Set, Autodial, Electronic Ringer, Line Monitor, ABN (Angled Bed of Nails) Clips with Rugged RJ45 and RJ11 Plugs, Hi-Z Monitoring, High and Low Volume Settings, Last Number Redial and Memory to Store Up to (10) Phone Numbers, Polarity LED, Tone and Pulse Modes	B600	54DF31
Replacement Leads, Telephone Test Set, Angled Bed of Nails, For Use With Mfr. No. B600	58743040	54DF60
