Utility Knives

Scan. Order. Done.
Details on page A1.

slice Handy

Ring Cutters

These cutters fit around a finger so they can be worn for repetitive cutting jobs such as cutting twine and plastic wrap.

Blade Projection Length	Outside Diameter	Blade Material	►CHOOSE: Ring Size	►CHOOSE: Color	Brand	Item No.
1/8 in	1 1/8 in	Ceramic	5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15	Black	Slice	56WE06
1 1/2 in	1 3/4 in	Steel		Blue, Yellow, Orange, Green, Black, Red, Lime, White	Handy	K7657

slice WESTWARD STANLEY

Fixed-Blade Utility Knives

Have a fixed blade with a rigid edge to cut tougher materials than retractable-blade knives. **Non-Changeable** have a ceramic blade; stays sharp and won't rust. **Quick-Change** speeds blade changeouts.

Tools Needed have removable screw to speed blade changeouts. Replaceable blade knives use brand specific blades.

Overall Length	Blade	Handle Material	Handle Color	Brand	Item No.
Non-Changeable					
2 1/2 in	Ceramic Standard Tip	Plastic	Green	Slice	6XVP9
Quick-Change					
5 1/2 in	Steel Standard Tip	Aluminum Metal	Silver	Westward	19G962
6 in			Gray	STANLEY	5C948
Tools Needed					
5 1/2 in	Steel Standard Tip	Metal	Gray	STANLEY	4A804
6 1/2 in			Black, Yellow		21Y981

Folding Utility Knives

■ Include pocket clip

These tools can tuck their blade into the handle for safe transport and storage. **Assisted-Opening** allow blade to fold out with aid from a spring-loaded mechanism. **Manually Opening** have a blade that can be pulled out and folded back into the handle. **Multi-Tool** knives have specialized slots or tools to turn fasteners, open bottles, or add versatility beyond standard blade cuts.

Safety Utility Knives

They protect against injury by automatically retracting or covering their blade when the cut is complete. Only one corner of the blade is exposed at a time allowing the blade to be flipped to the fresh cutting edge when the first one dulls. Knives can score drywall and insulation and cut cardboard, plastic sheeting, card stock, and cord.
