

## Long-Nose Plier Set

This set includes multiple pairs of long-nose pliers in various sizes and nose styles. Tools can pull, twist, bend, and loop wire and other thin materials. The serrated jaw texture has ridges that improve jaw grip but may damage soft materials.

| Maximum Jaw Opening | Overall Length | Jaw Length | Tip Width                 | Additional Tool Functions | Item No. |
|---------------------|----------------|------------|---------------------------|---------------------------|----------|
| 2 in                | 8 in           | 2 1/2 in   | 5/64 in, 3/32 in, 1/64 in | Cutter                    | 38U004   |

**Voltage-Sensing Long-Nose**  
9FJT9

## Long-Nose Pliers

Versatile pliers can bend, pull, twist, and loop wire and other thin materials. **Non-Sparking** tools resist creating sparks and reduce the risk of ignition when working in areas where combustible dust or flammable liquids, gas, or vapors are present. **ESD-Safe** can dissipate electrostatic charges to protect static-sensitive electrical components from damage. **Insulated** have non-conductive handle grips to protect against electrical shock. **Voltage-Sensing** can detect voltage hazards to help prevent electrical shocks when working near electrical components.

**Round-Nose**—The rounded jaws provide a smooth arc to wrap wire and form consistent bends and loops.

**Needle Nose**—Extra-slim jaws reach into narrow spaces so the pointed tip can provide a precise grip on wire and other thin materials.

**Bent-Nose**—The bent tips angle between surfaces and keep work visible for precise control.

**Long-Reach**—Have elongated handles to increase their reach for working within frames and enclosures.

**Chain-Nose**—These pliers taper to a fine tip for handling wire, pins, and other small items.

**Flat-Nose**—The jaws are flat on the outside to make sharp bends in wire; flat on the inside to grip objects and straighten wire.

| Maximum Jaw Opening                   | Overall Length | Jaw Length | Tip Width | Jaw Texture | Additional Tool Functions | Brand           | Item No. |
