Auger Heads, Chain Knockers & Cutters

Cleaning tools can attach to the cable of a compatible drain cleaning gun, auger, or machine and provide the point of contact to clear blockages. They fit a specific brand and series of cleaner. **Augers** are spring tools that can push into blockages to explore and perform general drain cleaning. **Chain Knockers** are finishing tools that strike their links against pipe walls to strip away scale and deposits. **Cutters** are toothed or bladed tools that can pierce, slice, or chop into blockages.

Head Type	Connec. Size	Compatible Cleaner Series	Minimum Drain Line Inside Diameter	Overall Length	Item No.
Milwaukee Drain Cleaning Auger Heads & Cutters					
Augers					
Bulb Auger	2 in, 4 in	M18 Drum Machines	2 in	2 in	422W32
