

Laser Distance Meters

Precise laser technology accurately measures distances to, in, and around all types of surfaces, equipment, and structures by transmitting and receiving laser reflection. Ideal for when greater accuracy is required for quick measurements. For indoor and outdoor use.

Bosch—Meters provide fast, easy, accurate measurements with a full range of features including; real-time distance, area, volume, indirect lengths and angles. Select models offer Bluetooth connectivity.

Milwaukee—Designed to provide the easiest measurements from all orientations. Screens offer maximum visibility in low light conditions. Impact-resistant overmold provides protection from tough jobsite conditions. Side-shot button allows an easier, more ergonomic experience when measuring in all directions. 489K09 includes memory storage for 3 reading. 489K10 and 489K11 include memory storage for 30 readings.

Leica DISTO—With ranges of up to 650 ft. and better than $\pm 1/16$ " accuracy, per ISO standards, these units can be used in all areas of construction and MRO. All are ruggedly built and designed for site conditions. Multiple units incorporate view screens for outdoor use, and tilt sensors to help acquire additional calculations in hard-to-reach areas.

Fluke—Can provide continuous measurements as meter is moved closer or moved away from a specific target. IP54 rated for use in damp or dirty environments.

Leica Accessories—Target plates are made of gray plastic with reflective coatings to increase the effective range of the meter on nonreflective surfaces.

Maximum Measuring Distance	Accuracy	Battery Type	Distance Meter Functions	Includes	Brand	Mfr. Model	Item No.
Laser Distance Meters							
65 ft	$\pm 1/8$ in	(2) AAA	Distance	(2) AAA Batteries	Bosch Blaze	GLM 20	49Y293
130 ft	$\pm 1/8$ in	AAA	Distance	—	Milwaukee	48-22-9801	489K09
130 ft	± 0.08 in	(2) AAA	Area, Distance	(2) AAA Batteries	Fluke	FLUKE 417D	55EP60
150 ft	$\pm 1/16$ in	AAA	Distance	—	Milwaukee	48-22-9802	489K10
164 ft	$\pm 1/16$ in	(2) AA Alkaline	Distance, Indirect Measuring, Square Footage, Volume	(5) Target Cards, Hand Strap, Pouch	Bosch	GLM165-40	450W76
165 ft	$\pm 1/16$ in	(2) AAA	Addition and Subtraction, Area, Distance, Inclinometer, Indirect Measure, Volume	Nylon Pouch	Bosch Blaze	GLM 50 C	45JL17
200 ft	$\pm 1/16$ in	(2) AAA	Area, Distance	(2) AAA Batteries, Belt Clip, Holster, Lanyard	Leica Disto	E71001	31XM64
330 ft	$\pm 1/16$ in	(2) AAA	Continuous Measurement, Distance, Min/Max Measuring	Batteries, Belt Pouch, Lanyard	Leica Disto	D2	49LX72
400 ft	$\pm 1/16$ in	AAA	Distance	—	Milwaukee	48-22-9803	489K11
400 ft	$\pm 1/16$ in	Rechargeable Lithium-Ion	Area, Distance, Volume	Battery Charger, Hand Strap, Micro USB Cable, Pouch	Bosch	GLM 400 CL	488Z80
660 ft	$\pm 1/16$ in	(2) AA	Area, Distance, Indirect Measure, Trapezoid, Triangles, Volume, Widths From A Safe Location	Batteries, Lanyard, Nylon Holster	Leica Disto	E75001	21EK16
1,000 ft	$\pm 1/16$ in	Rechargeable Lithium-Ion	Area, Create dxf Files to Load into CAD, Distance, Measure in Picture, Remote Measure Through P2P Function, Volume	Hand Loop, Holster, Smart Base Extension, USB Cable, USB Charger	Leica Disto	S910	40EV37
Leica Accessories							
Description		Characteristics			Brand		Item No.
Corner Target Plate		Self Adhesive, 2 7/8 x 3 1/2 in, Can Be Connected For Outside Corner Measurements			Leica Disto		1UDN8
Large Target Plate		8 1/2 X 11 in			Leica Disto		1UDN9
