

422W16

Air Drain Cleaning Guns

Clears clogged drains while leaving fixtures and drain covers intact. Power air flushes water out of pipes, removes grease and sludge from pipe walls. For 1" to 4" drain lines. Provides variable pressure dial control, allowing maximum force to clear drain lines up to 35 ft. or less forceful power for use on delicate pipe systems.

Drain Line Capacity I.D.	Includes	Max. Run	Max. PSI	Mfr. Model	Item No.
M12 Airstake Drain Cleaning Gun Kit	(3) Straight Connectors, 1 in to 4 in Drain Plug, 15° Offset Connector, Battery Charger, Case, Drain Shroud Attachment, M12 Airstake10 in Extension, M12 REDLITHIUM 2.0Ah Compact Battery, Toilet Seal Attachment	35 ft	50 psi	2572B-21	422W16
Air Gun Extension	Air Gun Extension 10 in			48-53-2570	422W17

Water Jetters

Propels a highly flexible hose through soap, sludge, and grease blockages. Two pulse actions push the hose through difficult bends and traps. Corrosion-resistant pump with forged brass head minimizes leaks. Pressure control valve allows quick and easy pressure adjustment while power scrubbing, flushing out debris, and restoring drain lines back to free-flowing capacity. 13C596 includes two-wheeled cart, easily fits through most standards size doors and maneuvers with ease.

Drain Cleaning Machines

Drum Machines—Have high-torque, long-running motors that combine with durable cables and cutters to eliminate blockages. Inner drum minimizes the potential of the cable flipping. Universal motor automatically slows cable and increases torque when met with obstructions.

Sectional Machines—Feature high-speed cutting action that allow you to drill through drain blockages quickly. Push the handle down and the cable spins at 710 rpm. Release the handle and the cable stops instantly.

Note: To order additional cable see page 863. Additional drums and cable sizes are available; call 1-800-GRAINGER (472-4643). Accessories available at Grainger.com.
