ROBINAIR

Transmission Fluid Exchanger

12VDC

Quickly exchanges fluid through the transmission oil dipstick in less than 20 min. Works with all types of automatic transmission fluid for most foreign and domestic vehicles. Has digital keypad, and low fluid alarm with indicator light. Includes two 32 qt. reservoir tanks.

Description	Mr. Model	Item No.
Transmission Fluid Exchanger	92500	1DZK3

Power Steering Fluids

Fluids are used as either a stop-gap before leak repair or as a regular power steering fluid additive to optimize steering system performance.
