Chain and Strap Wrenches

Chain Tongs—Turn large-diameter pipe during heavy-duty applications. Designed and sized to provide extra leverage. 4CPE4 has a single-end tong. Double-end jaw styles can be reversed.

Chain Wrenches—Double jaw provides ratchet-like action in either direction.

Strap Wrenches—RIDGID tools have a woven nylon polyurethane-coated strap. Westward tools have a reinforced neoprene rubber strap.

Universal Chain Wrench—Forged steel handle has deep milled teeth. 6200-lb. chain capacity.

Cordless Press Tools

FORCE LOGIC delivers enhanced productivity by allowing you to cut, fasten, and connect using one interchangeable battery platform. Compact and light, these tools work on most major brands of fittings. In-line design provides access to nearly anywhere you can fit your arm. Brushless motor for 50,000 cycle calibration intervals and faster cycle time. Include 2 batteries and charger. 53AY77 includes 3 attachable jaws.
