Workmate Project Center
6Z842

Workstations

FATMAX Mobile Workstation—4-in-1 unit includes toolbox, part bins, portable tray, and large lower bin. Structural foam construction with front locking latch.

Workmate Project Centers—Can be used as a workbench, tool stand, sawhorse, and working vise. Steel frame with adjustable jaws for clamping.

Sawhorse Legs—Legs on 8UY8 and 8PXG9 are welded steel and attach to a 2 x 4 to make any length sawhorse needed. They have gripping teeth and set-up requires no screws or nails. 23TL83 and 23TL81 were designed for maintenance workers and contractor tradesman. They include a fast and easy width adjustment feature.
